PC 350 In the G4ME

- Closed type, circumaural PC gaming headset
- Superior passive attenuation of ambient noise
- Frequency response optimized for Binaural Perception
- Large size ear cups for comfortable wearing during long gaming sessions
- Large size microphone for highest intelligibility

The PC 350 headset is a circumaural, closed type headset that shuts out disturbing noises from your environment.

The special shaping of the frequency response is optimized for binaural perception, improving your ability to detect where a sound comes from.

Sound perception is so precise you literally feel you're in the game.

- Optimized for Binaural Perception
- Passive attenuation of up to 32 dB
- Patented Duofol Diaphragm technology
- Adaptive baffle damping
- Collapsible for easy transport
- Volume Control with microphone mute
- Connects to virtually any PC sound card
